

SYSTEMEDGE BY OUTBACK POWER

DESIGNED FOR CONVENIENCE,
VALUE AND FLEXIBILITY.

“

When the customer was presented the option of having a fully pre-wired solution that took away the complication of trying to piece everything together, they were on board.

PV SYSTEM DESIGNER

ENERGY MANAGEMENT

Industry-leading charge cycles at an incredible value with complete hybrid energy management.

SE-414PHI-300
Power: 4kW
Effective storage: 11.2kWh
Lithium-Ion

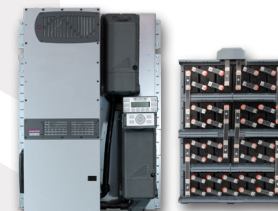

SE-514PHI-SBX
Power: 5kW
Effective storage: 11.2kWh
True Hybrid

SE-521PHI-SBX
Power: 5kW
Effective storage: 16.8kWh
True Hybrid

SE-560XLC-SBX
Power: 5kW
Effective storage: 30kWh
True Hybrid

SE-860XLC-300
Power: 8kW
Effective storage: 30kWh
10 Year Warranty

SE-821PHI-300
Power: 8kW
Effective storage: 16.8kWh
Lithium-Ion

EMERGENCY BACKUP

Hours of backup power for the average home, perfect addition to existing solar array.

SE-420PLR-300
Power: 4kW
Effective storage: 10kWh
Optimized Runtime

SE-530PLR-SBX
Power: 5kW
Effective storage: 15kWh
True Hybrid

SE-830PLR-300
Power: 8kW
Effective storage: 15kWh
Optimized Runtime
