Declaration of operational compliance between Tigo's TS4 Module Platform and Outback Power's FLEXmax Charge Controllers and FLEXware ICS Plus

Tigo and Outback Power are pleased to announce that the following product families from Outback Power:

FLEXmax 60/80

FLEXware ICS Plus

can be used successfully in combination with the following TS4 Platform's product families from Tigo:

TS4-S (Safety) Integrated

TS4-R-S (Safety) Retrofitted/Add-on

Tigo has conducted testing and validated the effective performance of the systems together.

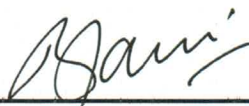

Warranties from Outback Power and Tigo will remain valid if the design rules for every component of the photovoltaic system are obeyed.
